THIS AGREEMENT is made and entered into by and between ARIZONA WATER COMPANY, an Arizona corporation, (hereinafter called the "Company"), and the Applicant named above. In consideration of the services to be performed by the Company and the sums of money to be paid by the Applicant, in accordance with the related Cost Estimate, it is agreed as follows: (SEE ADDENDUM, ATTACHED HERETO)

- The Company will construct, or will arrange for the construction of the Water Facilities as described above.
- The Applicant will pay to the Company upon signing this Agreement the Total shown above, receipt of which is hereby acknowledged by the Company. The Total shown above to be paid by the Applicant to the Company is the Company's estimated cost of construction of the Water Facilities. The Company will determine and inform the Applicant of the actual cost of construction within sixty (60) days after the completion of construction or the Company's receipt of all invoices and charges related to the construction. If the actual cost of construction is less than the Total amount paid, the Company will refund the difference to the Applicant; conversely, if the actual cost of construction is more than the Total amount paid, the Applicant shall pay the difference to the Company within sixty (60) days of receipt of an invoice from the Company. However, if the actual cost is more than five percent (5%) greater than the Total amount paid, the Applicant will only be required to pay five percent (5%) more than the Total amount paid, unless the Company can demonstrate that the increased costs were beyond its control and could not be foreseen at the time the estimate for the Total amount paid was made. The Company and the Applicant further agree that the amount subject to refund pursuant to paragraph 3 of this Agreement shall be the refundable portion of the Company's actual cost of construction. Information about the actual cost of construction will be attached to this Agreement and forwarded to the Applicant.
- Refunds of any Advance for Construction shall be made as follows: Each year for a period of 10 years the Company shall pay to the Applicant or the Applicant's assignee or successor in interest, provided the Company has first received written notice and evidence of such assignment or succession and approved of same, an amount equal to 10 percent of the total gross annual revenue received by the Company from water sales to each bona fide Applicant whose service line is directly connected to pipelines installed pursuant to this Agreement. Refunds shall be made by the Company on or before August 31 of each year, covering any water revenues received during the preceding July 1 to June 30 period. Any balance remaining subject to refund at the end of the 10-year period shall become non-refundable. Aggregate refunds shall in no event exceed the total of the refundable Advance for Construction received from the Applicant. No interest shall be paid by the Company on any amounts paid hereunder.
- All Water Facilities installed under this Agreement shall be the sole property of the Company, and the Applicant shall have no right, title or interest in or to any such facilities.
- The size, design, type and quality of materials and of the system, location and manner of installation, shall be specified by the Company and shall comply with requirements of the Arizona Corporation Commission or other public agencies having authority therein.
- The Applicant agrees to furnish to the Company adequate and recordable easements and required surveying necessary to serve each parcel or lot within the Applicant's subdivision, tract, development, or project.
- The Applicant agrees that all easements and rights-of-way shall be free of obstacles which may interfere with the construction of the Company's Water Facilities. If the Applicant's subdivision, tract, development, or project involves road construction, all roads and drainageways will be brought to grade by the Applicant prior to the commencement of the installation of the Company's Water Facilities. No pavement or curbs shall be installed prior to completion of all Water Facilities. If any street, road, alley or drainageway is installed at a different grade or location after the beginning of the installation of Water Facilities, the Applicant shall bear all costs incurred by the Company to relocate the Water Facilities as a result of said facilities having improper cover or location. Such costs shall be non-refundable.
- The Applicant agrees to pay to the Company any additional costs incurred as a result of design changes made or caused by the Applicant or its employees, agents, servants, contractors or subcontractors, the Arizona Department of Environmental Quality, the Arizona Corporation Commission, any county health department or other public agency under whose jurisdiction the subject construction may fall, or anticipated or un-anticipated changes in existing Company facilities, due to any work associated with this subdivision, tract, development or project which causes said facilities to have improper cover or location.
- This Agreement shall be binding upon and for the benefit of the successors and assigns of the Company and the Applicant. No assignment or transfer of this Agreement by the Applicant shall be binding upon the Company or create any rights in the assignee until such assignment or transfer is approved and accepted in writing by the Company.
- This Agreement, and all rights and obligations hereunder, including those regarding water service to the Applicant, are subject to the Arizona Corporation Commission's "Rules and Regulations" and the Company's tariff schedule TC-243, "Terms and Conditions for the Provision of Water Service."
